EXPERIENCE

FIRST Robotics (Team 1246) | Programmer   November 2021 – April 2022
- Worked in a team of 3 other programmers to implement and revise Java code for the competition robot
- Organised repository with FRC documentation and relevant classes/methods in order delegate specific tasks for each member in the team and ensure all members were well–acquainted before build season
- Actively consolidate members' ideas and discuss improvements when reviewing previous year' code *(pre COVID-19)*
- Responsible for integrating compressor API to function with pneumatics and arm
- Implemented and debugged code to function with swap of TalonSRX to TalonFX motors

Freelance Web Development | Perfect Salon & Nails   June 2021 - August 2021
- Designed and deployed a business website for workplace to build a digital presence, while generating leads, and ensuring high page views for our services
- Gathered and executed inputs from the manager pertaining to the structure, functionality and specifications of the website
- Developed using HTML, CSS, JavaScript, and Bootstrap to construct front-end elements
- Implemented various JavaScript libraries, such as Swiper and Isotope, to refine the practicality of the website sections

Front-Desk Receptionist| Perfect Salon & Nails   April 2020 - August 2022
- Manage tasks during the opening and closing of the salon
- Schedule client appointments and effectively answer in-store related queries
- Provide exceptional customer service whilst managing staff-client logs and executing store transactions at a moderate pace
- Actively maintain a clean and sanitary work environment abiding by the COVID-19 Business Guidelines

Junior Camp Counsellor | The Village Summer Camp   June 2019 - August 2019
- Assisted cohort leaders with coordinating group activities for campers
- Regulated group activities while encouraging teamwork and ensuring the utmost participation of campers
- Supervised and guided campers around the facility
